Noah,

I still need the payment. LAFD should not have been paid directly it should have gone thru our office. I need that ASAP so I can issue a permit. I will deduct that once confirmation is received. You should not be operating without a permit. I will be issuing the permit with the additional closure on it and when you're ready to open it then it will be ok.

Hi David and Marlon,

Thanks for all your assistance with our permit application.

Marlon, can you please provide the receipt for the phone payment made last week? You said it would come shortly after our conversation, but I have yet to receive one. Attached is the invoice on the BSS website showing no payments made. Please advise.

David, thanks for your assistance uploading our petitions and Hold Harmless to the site. As you mentioned, we received the notification regarding LAPD's request for a 30 day review. Understanding that we will not pay for the permanent signage until after that 30-day review, what else do you need right now for us to proceed with the planned August 7th closure of the 2nd block?

Thanks,

Noah
